## **DETAILED ACTION**

### ***Response to Arguments***

1. Claim Rejections - 35 USC § 102 of last OA is hereby incorporated by reference.
2. Applicant's arguments filed 9/14/07 have been fully considered but they are not persuasive.
3. Re Claims 1-20, Applicant argues that "a predetermined negation scheme" is lacking in '395 reference. Examiner disagrees. The encoder inherently performs a negation scheme. Furthermore, the claimed "predetermined negation scheme" lacks apparent function. Applicant argues that the "predetermined negation scheme" enables the subtraction of some tones and addition of other tones in a received signal. However, this limitation is not claimed.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew Lee whose telephone number is 571-272-3130. The examiner can normally be reached on Monday to Friday from 8:30AM to 6:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Firman Backer can be reached on 571-272-6703. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
